

PredictTB sample or data sharing request form

Please complete each section of the form and submit the document via email to the Secretary of the Sample Management Committee (currently Jill Winter jwinter@catalysisfoundation.org). Please note that samples and data are not available before August 2022 and that requests before that date will not be answered.

1. Material requested	
Samples (yes/no)	
Data (yes/no)	

2. Details of requesting party	
Name	
Position	
Institution	
Email	
Telephone	

3. Please specify the data and/or sample you want to access. In case of sample request, please also indicate the total number of aliquots and the volume of the samples needed.

4. Please provide details of the project the requested sample(s) and/or data will be used for, including primary and secondary project aims as well as your role in the project.

Please note: A sample request can only be submitted by the principal investigator. A data request can only be submitted by an experienced data manager and analyst or if the requesting team has an experienced data manager and analyst.

5. Please explain in which way your study is relevant to advancement of TB or related research.

6. Please elaborate on how the requested sample(s) and/or data will be used towards accomplishment of the project goals.

7. Please specify the timeline for your work with the sample(s) and/or data.

Please note that the study must commit to timely processing the sample(s)/data.

8. Will you use the samples and/or for commercial purpose or do you seek direct financial benefits for the samples and/or data?

9. Required additional documents: Please include a 2-page CV with your application.

Declaration

I hereby declare that I have noted the stability and likely half-life of the samples. I further declare that if samples and/or data are used for development of any innovative technology or intellectual property, whether patentable or not, I shall promptly disclose this development to the Secretary of the Sample Management Committee. I also declare that I have sufficient financial resources to conduct the proposed work with the sample and/or data. I further agree to inform the Secretary of the Sample Management Committee of any unused samples that are left over or never used to take the Secretary's advice to either return or destroy such samples.
